## Laser-Guided Test Prep Software ATP - Mil Comp to CFI/II/MEI - FEX Mil Comp to Commercial / Inst Dispatcher - Interview Prep Fixed-wing and Helo

We are the only test prep company that guarantees...

- ... you will not see any questions on your FAA Written Exam that were not in our prep, or your money back!
- ... you will score 90% or better on your ATP or Flight Engineer test with our prep, or your money back!
- ... 24 hour-a-day personal, U.S.-based telephone technical support!

You will only study the questions that can show up on the test...

- ... Why study 1400+ questions for ATP when only 810 can show up on the test?
- ... Why study over 1000 questions for the Mil Comp to Flight Instructor test (MCI) when less than half that many are used?
- ... Why study software containing questions that are over 8 years old and that comes with no guarantees at all?

**Features:** The software database is kept up-to-date 24-hours a day with the rapid pace of FAA changes by our tech support team, so it doesn't get old while you're studying. You don't need an internet connection to study. You can study as many hours as you want until you take the test (limited to one year). Our study strategy and software features guarantee you the least total study time and the best possible score (our subscribers score 10% above the national averages).

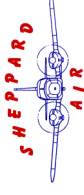

**Prices:** ATP / ATH - \$75.00 MCA / MCH - \$35.00  
MCI (both helo and fixed-wing) - \$50  
Flight Engineer (FEX) - \$75  
CFI package (FOI, FIA or FRH, FII or FIH) - \$100  
FOI - \$30 FIA / FRH - \$40 FII / FIH - \$40  
ADX - \$75 Interview Prep - \$39.00 alone or \$20.00 with ATP

**Compatible Computers:**

PCs with Windows XP, Vista, or 7  
Macs with Tiger, Leopard, Snow Leopard, or Lion
